

Order to use a tug while chemical vessel is moored at oil quay (RR6), does not apply when chemical vessel is at gas free state.

This order does not free master of a vessel from using a tug in Port of Raahe in circumstances when there is a risk of harming vessels, quays, cranes, other infrastructure or environment.

Order to use a tug does not apply for quays SL1 and SL2 in following cases:

Arriving vessels

Port of Raahe Ltd and SSAB Europe Ltd give an order to use a tug concerning all the vessels arriving to be moored at SSAB quays RR1-RR5 and Lapaluoto quays LL1-LL3.

Departing vessels

The order applies for all departing vessels from SSAB quays RR1-RR5 and Lapaluoto quays LL2 and LL3.

Shifting between SSAB and Lapaluoto quays

A vessel shifting between SSAB quays and Lapaluoto quays (regardless of direction) must use a tug.
